With Maria Tennariello

Eye Catching Smile (call for estimate) ▶

There is nothing more luxurious than an eye catching smile. Specializing in porcelain veneers and crowns; thin shells of porcelain that are affixed directly to your teeth using a precise bonding process. Discolored even damaged teeth can be restored using this procedure. Suddenly, your smile has that edge you've always wanted and it can often be completed in only two or three visits. The best part, during those visits, you can enjoy your choice of media entertainment, as well as a massaging chair, neck roll, or paraffin hand treatment if you so choose. Dr. Glassman is renowned for cosmetic smile transformations and has recently co-hosted a segment with Diane Sawyer on *Good Morning America*.
